

Sunday TRIO

THE RESPONSIBILITY IS OURS

Sunday TRIO is a fundraising programme, designed particularly for parishes having difficulty matching income to expenditure on their general account.

It concentrates on the **worshipping family** of the parish. It can produce on average a 20% increase in levels of giving. Tax effective methods of giving (Gift Aid) can increase this further.

It encourages church members to be more generous with their personal gifts, using a simple approach that addresses mission, financial, time & talent issues. Based around a **3-part presentation**, it is designed to inform members about the life of their church and then to challenge them to accept a responsible and realistic approach to supporting it.

The programme is **flexible**, able to meet the precise needs of each church. From start to finish, **Sunday TRIO** can be completed within three-four months, with the programme being managed by a small group of members from the clergy, the PCC and interested individuals. **Support** from the Funding Unit at Church House is always available and encouraged.

The **Sunday TRIO** programme can use a number of **resources**, including power-point presentations, leaflets, brochures and literature packs. All of these are easily produced through desktop publishing on a pc. The funding team at Church House can help you to prepare these and produce stationery (at a cost).

Above all, **Sunday TRIO** is easy to use, friendly and a proven success.

For further information or for an informal chat about the programme and how it could help your parish, contact (in the first instance):
